

CARGO 10

One TMK is a digital exchange that gives you, as brokers, fast access to our specialist insurance products direct from your desk. The fully automated process enables you to quote and bind business online in real time, 24 hours a day, 7 days a week.

Cargo 10 is an easy-to-access cargo insurance policy available through the One TMK digital platform. In only ten questions you can get a real-time quote, and bind the policy instantly. The platform uses bespoke wordings and system-generated documentation to give you and your clients fast access to specialist cargo cover.

We can cover the following risks without referral:

- Cargo, stock throughput and assured's own goods in transit risks
- Inland transit risks within the UK only. Subject matter may range from general manufactured goods, commercial/industrial/household electronics, clothing, chemicals, mechanical machinery, lumber and sawn timber, ambient food, drinks and alcohol
- World to world voyages, including cross voyages which may not even touch the UK during the shipment process
- Total annual sendings value, or turnover, up to GBP50m.

The benefits of One TMK Cargo 10

Good coverage

- An easy to understand broad limit, all risk cover policy, with built in limits for own vehicles, tools and samples within engineers' and sales representatives' vehicles, postal sendings, unspecified storage locations and exhibitions (UK and rest of world)
- Worldwide coverage
- Stock throughput capabilities over multiple locations including overseas.

Quick and easy to use

- Quick and simple to use with only ten questions to answer
- Immediate production of quotation or policy documentation
- System produced debit notes
- Quotes valid for 30 days
- Fast mechanism for binding high volumes of cargo policies
- Calculated on total annual sendings or annual turnover figure – no need to provide an in-depth split in sendings
- Flexible commission.
